

Hello Student Scientists, Engineers and Families,

Your Molin STEM Showcase is set to be held Friday, May 24th, and everyone is excited to come together to learn about your discoveries! Here are the details about the event days.

DETAILS AND SCHEDULING INFORMATION
Simple, yet important, information you need to know:

Place: Molin School Cafeteria; Enter through front doors on Low Street and follow signs to the designated cafeteria entrance.

Event Overview:

- **Setup:** Thursday, May 23th, 4:30-6:30pm
- **School Day Event:** Friday, May 24th during half day school hours Molin School for students, faculty and visiting scientists/engineers.
- **Family Viewing Evening:** Friday, May 24th 6-7:15pm

Thursday, May 23rd Details:

Times:

- Setup 4:30-6:30pm

Check-in and Set-up:

- Completed board and materials are to be brought to the cafeteria.
- Each project board header panel should note on the header-board back: Student(s) name(s) and teacher(s).
- At least one student and parent from a project team must come to set up the group's project.
- Students will be presented with their t-shirts at the cafeteria entrance, and be directed to their tables for setup.
- Volunteers will be on duty to assist the students.
- If you have requested electricity, you have been assigned a table near a power source. Please bring an extension cord/powerstrip, if necessary, given your project.
- Valuable items need not be brought for setup. Students should bring them to school the morning of May 24th.

Friday, May 24th Details - STEM Showcase School Day Details:

- Friday, May 24th Half Day
- The morning of the showcase, all student scientists are asked to WEAR THEIR TSHIRTS.
- All students first report to their classrooms upon arrival at school. Teachers announce when students report to the cafeteria.
- Student scientists/engineers need to bring a nut-free snack.
- Student scientists/engineers will be visited by their teachers, students who did not put together projects this year, and visiting scientists/engineers. They should be prepared to stay at their displays and answer questions about their projects, but they will have opportunities to circulate to see the other projects.
- At the end of the morning, students must bring home valuable items. The display boards and general display items remain in place for the evening showing.

Friday, May 24th Details - STEM Showcase Family Evening Details:

- Friday, May 24th, 6:00-7:15pm
- During viewing times, student scientists/engineers should stand with their projects to present and answer questions. Visiting family members, please make an effort to view other children's projects and circulate.
- At the end of the evening, all displays must be disassembled and all components must be brought home.

Regulations Reminder:

As a final reminder, in the interest of everyone's health and safety, the following are not allowed:

1. Foul smelling items
2. Extremely loud sounds
3. Requires a hot plate and/or boiling water or microwave
4. Contains dangerous chemicals
5. Requires the use of dangerous machinery or tools
6. Contains materials that are potential allergens
7. Contains any type of explosion
8. Requires a fog machine
9. Contains latex (no latex balloons or gloves)
10. Involves projectiles
11. Require live animals or insects to be brought to the school - Absolutely no live animals or insects allowed

In the event of any questions or concerns, please email kdaigle@newburyport.k12.ma.us.

We hope the student scientists/engineers have had fun and discovered a lot as participants in this year's STEM experience. We look to a great event!

Sincerely,
Kristen Daigle
